

AACC

OPEN HOUSE

Wednesday, Oct. 8 | 5-7 p.m. | Arnold

ANNE ARUNDEL COMMUNITY COLLEGE

Welcome From Our President!

Welcome to Anne Arundel Community College!

I am thrilled to have you join us at the Open House to meet faculty, staff and students. We hope you will experience firsthand the excellence, opportunities and sense of belonging that define our college community.

At AACC, we believe in the power of education to transform lives. Whether you are beginning your academic journey, exploring a new career path or seeking personal enrichment, you will find a place here. With more than 150 degrees and certificates, robust skilled trades programs and a wide array of continuing education offerings, there truly is something for everyone. AACC is an award-winning college at both the national and regional levels, and our academic programs have earned many recognitions and accolades. Rather than listing them here, I encourage you to ask our faculty and staff about our outstanding programs!

When you are ready to take the next step, our transfer pathways and partnerships allow you to seamlessly continue your education at institutions such as the University of Maryland Global Campus; the University of Maryland, College Park; Towson University and other colleges and universities across the state and country.

As you explore, I encourage you to learn about the many resources designed to support your goals and well-being. From tutoring and supplemental instruction to our student success courses and the Student Achievement and Success Program (SASP), we are here to help you thrive. The Office of Student Engagement offers countless ways to get involved, while our counseling services, Fitness Center and athletics teams promote wellness and connection. Many of these services are offered both virtually and in-person to meet your needs both on and off campus.

Be sure to visit our financial aid team. They are here to help you navigate your options, and you may be surprised by the opportunities available to you. From scholarships and grants to work-study programs, we are committed to making college affordable and accessible for every student.

Tonight, I hope you see all that we have to offer and consider becoming part of our community. I am confident there is a place for you at AACC. We look forward to welcoming you!

A handwritten signature in black ink, appearing to read 'D Lindsay'.

Dr. Dawn Lindsay

OPEN HOUSE EVENT:

Health and Life Sciences Building (HLSB)

- School of Health Sciences
- School of Science, Technology and Education
